

HLM International Moderately Aggressive Fund

HLM Fund Info Sheet as at 28 August 2020

Investment Objectives

The Fund seeks to achieve long-term total return expressed in euro by investing in a broad range of asset classes across global markets, consistent with an average to high risk investment strategy through investment in an underlying fund or funds. The underlying fund may invest in financial derivatives, other financial instruments and engage in leverage which may result in the overall risk exposure of the underlying fund to exceed their total net assets. For the full investment objectives, investment policy and risk factors of the underlying fund please consult the current prospectus. For operational purposes the HLM Fund may hold a proportionately small amount of its holdings in cash..
